

III. How to read the Serial Number

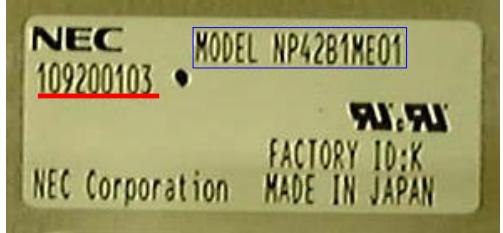

How to read the Serial Number of CRT, LCD and PDP Module Type

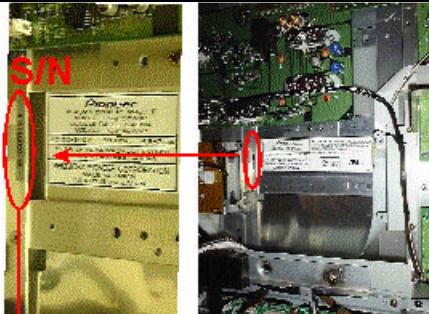

| Manufacturer | Type | Sample |
|--------------|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| MITSUBISHI | CRT |  <p>TYPE NO. AF17G9SCB22-M EZW MITSUBISHI ELECTRIC CORP. JAPAN SERIAL NO. 2M04001 E58966 LR42058 D.E.</p> <p>WARNING: THIS TUBE EMPLOYS INTEGRAL IMPLOSION PROTECTION. REPLACE WITH A TUBE OF THE SAME TYPE NUMBER FOR CONTINUED SAFETY. AVERTISSEMENT: CE TUBE CATHODIQUE EMPLOIE UNE PROTECTION D'IMPISSION INTEGRALE. REMPLACER PAR UN TUBE DU MEME TYPE NUMERO POUR LA SURETE CONTINUE.</p> <p>[Type] AF17G9SCB22-M [S/N] <u>2M</u>04001 [Year] <u>199</u>2 Production [Month] M = December (Staring from A~M excluding "I")</p>  <p>TYPE NO. M41LRY61X MITSUBISHI ELECTRIC CORP. JAPAN SERIAL NO. 1F 123456 E58966 LR42053 D.E.</p> <p>WARNING: THIS TUBE EMPLOYS INTEGRAL IMPLOSION PROTECTION. REPLACE WITH A TUBE OF THE SAME TYPE NUMBER FOR CONTINUED SAFETY. AVERTISSEMENT: CE TUBE CATHODIQUE EMPLOIE UNE PROTECTION D'IMPISSION INTEGRALE. REMPLACER PAR UN TUBE DU MEME TYPE NUMERO POUR LA SURETE CONTINUE.</p> <p>[Type] M41LRY61X [Year] <u>200</u>1 Production [Month] F = June (Staring from A~M excluding "I") [S/N] 123456</p> |
| | CRT (Only for A63LCC11X) | <p>03:17:10 01-25-89</p> <p>[S/N] <u>03:17:10</u> time <u>3:17:10</u> (24Hr) <u>01-25-89</u> date <u>1989. 1</u>(January). <u>25</u></p> |
| | LCD Module | <p>MITSUBISHI ELECTRONIC AA150XA03 VAG390HAS226 91215135Y</p> <p>[Type] AA150XA03 [S/N] <u>91215135Y</u> [Year] <u>1999</u> Production [Week] week <u>12</u></p> |

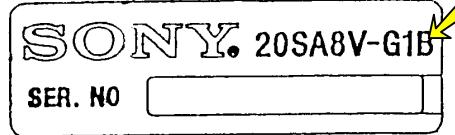

| Manufacturer | Type | Sample |
|--------------|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| HITACHI | CRT |  <p>[Type] M51KHE180X06 (U)</p> <p>[S/N] <u>m3M</u>000000</p> <p>[Year] 199<u>3</u> Production</p> <p>[Month] <u>M</u> = December (Starting from A~M excluding "I")</p> |
| | LCD Module |  <p>[S/N] <u>9033H</u> 00001</p> <p>[Year] 199<u>9</u> Production</p> <p>[Month] <u>03</u> = March (01~12 <Jan.~Dec.>)</p> <p>[Week] <u>3</u> = 15th ~21st. (1st~7th:1, 8th~14th: 2, 15th~21st:3. 22nd~28th: 4, 29th~31st: 5)</p> <p>(00001) = Conductive number</p> |
